Thanks Gary,

There seems to be a problem with the attachments. I received the public notice and application documents, but the draft permit and statement of basis were not attached. There was a file that was removed by our security program, but the message said it was a jpg file, so I don't think it was the permit or statement of basis. Would you try sending the permit and stmt of basis again. Also, we would like to have a copy of page 2 of the application with dated signature if you could scan a copy of the original and send our way too.

Thanks, again,

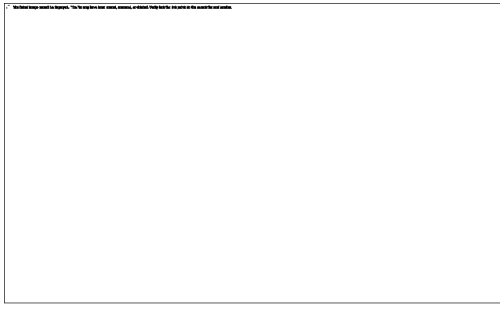

Pat
